

CYDUS

Paraquat dichloride 24% SL

Cydus is a leading non-selective post-emergence fast-acting contact herbicide. It effectively controls broadleaf weeds and grasses of perennial nature.

Features:

- ➔ acts in presence of light and desiccate green plant parts
- ➔ acts in the chloroplast

Available SKUs: 5 L, 1 L, 500 ML

Benefits:

quickly kills
targeted weeds

cost effective

rainfastness

crops	target weeds	dose/acre
grape	<i>Convolvulus spp.</i> , <i>Cynodon dactylon</i> , <i>Cyperus rotundus</i> , <i>Portulaca spp.</i> , <i>Tridax spp.</i>	1.68 L
potato	<i>Anagalis arvensis</i> , <i>Chenopodium spp.</i> , <i>Cyperus rotundus</i> , <i>Trianthema monogyna</i>	1 L
cotton	<i>Cyperus iria</i> , <i>Digera arvensis</i>	0.42-2.12 L
wheat	grassy and broadleaf weeds	1.7 L
tea	<i>Boerhavia hispida</i> , <i>Commelina benghalensis</i> , <i>Imperata cylindrica</i> , <i>Paspalum conjugatum</i> , <i>Setaria spp.</i>	0.85-1.7 L
