

EFFICAX

Silicon surfactant

Efficax is a non-ionic, organosilicon surface active agent and 100% pure polyether siloxane. It is super spreading and super penetrant in nature. Efficax gives strength and infinite proficiency to spread and penetrate till active ingredient reaches the target cells.

Features:

- ➔ super spreader, super penetrator and anti-foaming agent
- ➔ has excellent rainfastness ability
- ➔ uniform distribution of spray solution
- ➔ prevents loss of spray solution from rainfall
- ➔ reduces foaming thus improves spray effect

Available SKUs: 1 L, 500 ML, 250 ML, 100 ML, 50 ML

Benefits:

uniform distribution

loss of spray
solution from rainfall

better effectiveness
of pesticide

reduces foaming

crops	dose
cereal crops, flowers, fruit crops, pulses, vegetables	5 ML/15 L water

Antidote: No specific antidote. Treat symptomatically.
